

specific action. movement → specific order

strictly ordered process practice/skill → ~~Dangerous thing~~ Chemistry Chemical process

Single Person game / ~~RR~~ RPG / ~~Hang~~ Gesture → S.H

Dancing machine / Character ability

②

Strategy

Use VR devices to share space

① User can use ~~A~~ VR Headset and gloves to control game

② People can choose what the view they want.

③ The devices can capture user movement

④ User can choose some course to learning

Ex: Yoga. When user training, they can see other people's motivations, and follow them to keep same wave.

⑤ User can get Feedback from device.

⑥

Augmented Reality Urban Exploration App.

Nature Exploration and Biodiversity Data Collection App

Customized Learning Journey Platforms.

Urban Planning and Historical Reenactment Simulation.

Personalized Learning Environment Simulation.

Ecosystem and ~~Wildlife~~ Simulation.
Wildlife
